

GABRIEL SCOTT

EST. 2012

**Welles Reimagined**  
**By David Rockwell**

in Black Steel, Smoked  
Purple & Smoked Gray

**rockwell**  
**group**

Rockwell Group's reimagination of Gabriel Scott's iconic Welles Steel Chandelier celebrates its classic geometric form, while creating a contemporary light fixture inspired by clusters found in nature, such as crystals, chemical compounds, and clouds.

The hollowed glass polygons act as metallic light points that come together at varying heights and dimensions to form a floating light cluster. The feature chandelier is defined by its luxe volume and organic nature.

## SPECIFICATIONS
