Amethyst

Wood: Natural Oak / Tinted Oak /
Natural Walnut

Made in:

Italy

Ciocio is a side table inspired by the natural shaping force of water. Resembling a small river pebble, rounded and smoothed by the current, and a single drop of water gently resting on top. A perfect balance in a fleeting moment of stillness. The glass body is hand blown by master glass blowers in Bavaria, Germany, while the wooden base and top are meticulously crafted in Treviso, Italy.
